A very Kansas swooped down on Tuesday, Kansas, and killed twenty people and injured many more.

For the first fifty days of the Fair the total admissions were 3,978,988, an average of 79,574 per day.

The Methodist exhibitors by formal action have decided not to withdraw their exhibits from the Fair on account of Sunday opening.

The Morganfield Sun says Hon. A. Spaulding will be in town to day distributing the Collector and Ellis cases. It is claimed they lacked one of the three readings in the Senate required by the constitution.

Forger Frank F. Sorenson has voluntarily emerged from his hiding place and turned himself over to the custody of the officers. His stealings now total up \$33,070.

Hon. Wm. Mitchell, of Easton, Pa., Democratic member of Congress from the Eighth Pennsylvania district, died suddenly of heart disease Friday.

Current Judge Green, of Williams town, has decided that a man who cannot read the instructions of the court is not a competent juror.

From the published reports the longest to the Legislature Thursday night turned out to be a stupendous drink that lasted all next day and some of the jagers.

Teresa Urra, a young Indian girl of the State of Sonora, Mexico, it is claimed, performs miraculous cures by the laying on of hands. The Indian worship her as a saint.

Four Kentuckians have so far landed good consulships. They are: Claude M. Thomas, at Maximilian, W. S. Kinkead, at Southampton; Thos. C. Jones, at Funchal and Ben H. Ridgely, at Geneva, France, England, Madeira and Switzerland are the countries that got them.

The Democrats have nominated Thos. M. Field to represent Woodford county in the next Legislature. He is a new man in public life.

The United States Circuit Court has declared unconstitutional the anti-cigarette law of Washington State, which makes it unlawful to sell or give away cigarettes in the State. The law is held to be a violation of article 1, section 8 of the constitution of the United States.

W. D. McCoy, of Indiana, the colored United States Senator from that State, is dead, leaving a vacancy to be filled by the appointment of some good colored Democrat. McCoy is the fourth U. S. Senator to die at Monrovia within the last twelve years. He had been in Liberia less than eighteen months.

The pension appropriation was \$10,882,222 for the year ending June 30 and Congress has appropriated but not only prevented a deficit, but will return to the treasury a surplus of \$10,000,000.

Senhor's Magazine for July contains a striking article in the Mon's Magazine series by W. Clark Russell (the writer of sea tales) on "The Life of the Merchant Sailor," giving a graphic account of the life of a sailor, showing how little life has changed since the old days when Dan Rusk wrote his "Two Men on the Main."

The determination of the Legislature to adjourn on July 5 is the most gratifying publication the newspapers have ever had concerning that body. It will on that day have rounded out its fifty legislative day, at a cost to the State of \$2,700 per member. The State has had legislatures before, but never one to equal the unblemished career that will soon quit trying to make laws, let us hope forever.

We can celebrate the Fourth of July this year with rejoicing and never before equaled in Kentucky.

Ninety days from July 3 will be Oct. 2 and under the law all acts passed by the Legislature without emergency clauses will become operative that date. Perhaps the more important of these will be the Separate Cook law. That the colored people are going to accept the law without giving the railroads trouble, is evidenced by the following rather inflammatory paragraph from the *Indian*, organ published by representatives of the race in this city:

"This infamous outrageous law, which the dignity of the colored citizens will go into effect in a few weeks. The railroads are preparing to carry out the law fully to the letter, but we want it understood that the *Indian* has raised the red flag and is marching in front against this legislation, and on the ground that our teachers who use the State that Christian county will raise more money and do more education for the colored than any other county in the State."

# WILES GOES FREE.

Rolls K. Hart, of Fleming, is the second member of the House to be re-nominated.

Three Georgians are enroute from Atlanta to Chicago on bicycles. They passed through Danville, Ky., Friday.

The Sunday attendance at the Fair is proving a disappointment. It was less than 40,000, paid and free, but Sunday, although the average daily attendance is over 100,000.

The cowboys' race from Nebraska to the World's Fair could not be stopped by the Legislature and Ellis case. They are now enroute and expect to reach Chicago to-morrow. They were allowed only three horses in a run of 200 miles.

Now comes the Louisville Post with the statement that there is a law in the Legislature to prohibit the sale of patronage. It is claimed they lacked one of the three readings in the Senate required by the constitution.

In Kentucky according to the last census, there are 230,889 Baptist, 111,062 Methodist, 92,504 Roman Catholic, 7,280 Episcopalians, 14,800 Northern Presbyterians, 18,110 Southern Presbyterians, 15,458 Cumberlandians, 10,000 Presbyterians, 7,747 Episcopalians and 2,296 Lutherans.

The conference report on the Charitable Institutions bill has been adopted by the Senate and the bill passed. It will also pass the House. It raises the per capita of asylum patients to \$1.00 and leaves the Public Mental Institute about as it is, with some changes in its management.

The *Overshoe Inquirer* doesn't like to be reminded that Davison county has been unable to send delegates to Frankfort of this year. The reason of the badly disorganized conduct of the party in that county. Of course there are plenty of Democrats over there, but they don't always vote the Democratic ticket. That's the trouble. Get together, boys, get together.

J. E. Cushing's Harry O'Fallon, cat, Roundhouse, won the great American Derby at Chicago Saturday a mile and a half in 2:36. St. Leonards was second, Clifford third. Cushing is in St. Paul. The race was won over \$50,000 to the winner and \$800,000 changed hands on the race. Don Alonso, the favorite, quit twelfth in a mile of the race.

Collector Powers is still sick in bed and refuses to see the horse of his office messengers bawling at his sick room door. He has made his peace with the Fidelity and Deposit Company of Maryland and is under no obligation to Powers to resign.

Powers is the cashier at \$180,000, which is the only appointment so far announced. Col. Powers expects to leave for his home in July. He knows Col. Powers will feel confident that he will have no competition against those who favored change. He will feel that all good Democrats fairly and endeavor to make his administration not only popular but acceptable, but will feel all people with the people as well.

Apprenticed his Back with Steel.

Callan Liddell, who is engaged in

farming near Beverly, had a row

with one of his colored hands Thurs-

day. The negro became very abusive

and threatened young Liddell's life.

Liddell secured a shot gun and

firing upon the negro fired his back

with a shot, which he considered

dangerous. There have been no

arrests.

A Convict Shot in the Back.

Wm. Jones, an escaping convict

from the Edinburg prison, was shot

and fatally wounded at Princeton

Friday by one of the guards at the

prison. Jones was doing work out-

side the wall when he made his es-

in the grocery business at Trenton

for a number of years, made an assign-

ment for the benefit of his creditors

Friday. Mr. W. T. Quarles, of this

city, is named as assignee. The li-

abilities are something less than a

thousand dollars, while the assets,

consisting of a small stock of goods,

store fixtures, a lot of notes and

other assets, amount to considerably

more. Bad trade and slow col-

lections prompted the action taken

by Mr. Arrington, who is a well

known and respected by his many friends.

The assignee took possession Satur-

day and will close out the business on

Monday.

Drowned Near Clarksville.

Two little boys, Henry Wilcox and

Pompey Cook, aged 12 years, were

drowned in Cumberland river a few

miles above Clarksville Friday after-

noon. Wilcox lived in Clarksville and

had gone to the country to visit his

cousin, Pompey Cook. The two boys

went to a river ford on the farm of

Pompey's father, where what was be-

lieved harvested. The boys concluded

to bathe and a small eagle into the

Cumberland near by. As soon as

they plunged into the swift current

they sank and were carried out into

the middle of the Cumberland and

drowned in water thirty feet deep.

following letter from Dr. W. F. Pat-

ton, who, it will be remembered, re-

moved from Hopkinsville to Cin-

cinnati a year ago:

"Prof. C. H. Dietrich, Hopkinsville,

Ky.—Dear Sir: You will doubtless

be pleased to know that your former

pupil, Master Everett, passed led out

of 822 applicants for admission to the

High School. He was the youngest

applicant, being only 12 years old.

Much of this was due to his Hopkins-

ville schooling (as he attended only

nine months in Cincinnati out of the

ten) for which he and his family are

in thanks to you and his former

Hopkinsville teachers.

Yours fraternally,
